WHAT IS AEROSPACE MEETINGS QUERETARO?

Aerospace Meetings Queretaro is the leading B2B event in Mexico dedicated to the aerospace supply chain. Organized by BCI Aerospace, this international business convention brings together OEMs, Tier 1 and Tier 2 suppliers, and service providers from around the world for two days of high-level B2B meetings, conferences, and networking opportunities. It is a platform that fosters strategic connections between global industry leaders and local manufacturers, thereby driving the growth of aerospace ecosystems in North and Latin America.

EVENT FORMAT

CONFERENCES

These sessions are exclusively presented by large OEMs. They aim to provide the industry a deeper understanding of the OEMs supply chain strategies.

B2B MEETINGS

BCI Aerospace pre-arranges meetings for the supply chain, procurement, technical teams, suppliers and contract manufacturers based on their own choices prior to the event.

WORKSHOPS

These presentations focus on either technologies or products. This is a chance for the audiences to increase and optimize their market knowledge.

NETWORKING

A networking space to position your company within the industrial sector and generate business opportunities with potential clients.
